

## Karting Safety Equipment

KARTING

### OMP Karting Suits

The **OMP Pilota Karting Suit** is an entry level suit made of a PTFE treated polyamide fabric with an inner layer of sponge cloth. This combination provides a high level of comfort and abrasion resistance, with a great quality/price ratio. Available in Blue with upper chest and arms in White, or Red with Black. Size 32 through 60 (see size chart on page 16). CIK-FIA 2001.

Part No. 9301-Size-Color .....\$199.00

The **OMP Champ Karting Suit** will take your image to the next level without compromising safety. This 2-layer kart suit features an outer layer of durable Cordura®, box-quilted with an inner layer of soft knit terry cloth. Available in Black with Grey trim, Black with Blue trim, or Black with Red trim. Each color combination has box quilting that matches the trim color. Sizes 44 through 60 (see size chart on page 16). CIK-FIA 2001/83.

Part No. 9304-Size-Color .....\$319.00

### 360 Plus Device Karting Collar

The **360 Plus Device Karting Collar** puts a vertical brace behind the driver's helmet to control rearward head movement in the event of an impact with hay-bales or other soft barriers. For extra safety, the padded front portion of the collar is designed to break open in extreme impacts to minimize the risk of injuries to the soft tissues of the neck and throat. The 360 Plus Device is fully approved by the World Karting Association. Youth size fits neck sizes of 10" to 13", and the Adult size fits neck sizes 13" and larger.

Part No. 9308-Size, specify Youth or Adult.....\$179.99

### Shock Doctor Chest Protector

The **Shock Doctor Chest Protector** provides excellent protection without restricting your range of motion. Patented Heart-Gard sternum plate keeps impact forces away from the heart. Thin padding around the ribs and a removable kidney belt provide great comfort. Available in Small, Medium, and Large. Grey only.

Part No. SD-552-Size .....\$124.99

### OMP Karting Gloves

**OMP Youth Karting Gloves** are an abrasion resistant glove with palm and knuckle reinforcement in yellow leather. Elasticized back for a snug wrist closure. Designed with the younger karter in mind. Size 4 for 4-6 year olds, and size 5 for 7-9 year olds. Available in Light Blue or Red.

Part No. 9323-Size-Color .....\$55.00

**OMP Otto Karting Gloves** feature pre-curved fingers and external seams for comfort and improved grip without bunching. Grip is further improved with durable black leather palm inserts. The long gauntlet cuff extends protection beyond the wrist area, and padded black leather protects the knuckles. Available in Black, Blue or Red. All colors feature a grey palm with black leather inserts, black leather knuckles, and white accents as shown. Sizes X-Small, Md, Lg, and X-Large.

Part No. 9326-Size-Color.....\$79.00

### OMP "Competition" Karting Shoes

**OMP Competition Karting Shoes** are perfect for karting or any other form of motorsport that does not require a Nomex® lined shoe. Made of suede leather with breathable fabric in the tongue and sides. Non-slip sole provides great sensitivity. Available in Black, Blue, or Red in sizes 35 to 47. See page 18 for OMP size chart.

Part No. 9311-Size-Color .....\$115.00

Karting Balaclava, Cotton (not fire retardant) ..... Part No. 9310-005-Color..... \$5.99  
 Protect your helmet lining from perspiration. Choose Black, Blue, Red, or Silver.

Zamp helmets are an excellent choice for Autocross events that don't require an SA rated helmet. Check with your sanctioning body for official rules.

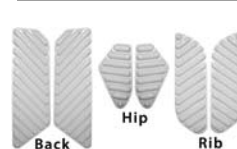

### Zoombang Protective Race Shirts

Unique polymer inserts are soft at rest, but stiffen when subjected to impact, vibration, or g-forces. The driver enjoys improved comfort, protection and concentration. Available in youth sizes Medium and Large and adult sizes Small thru XXL (they run a little tight).

Part No. 9322-Medium or Large (Youth) .....\$49.99  
 Part No. 9321-Small thru XXL (Adult) .....\$59.99

### Zoombang Protective Seat Pad Inserts

The same unique material used in Zoombang shirts and popular with NFL players is now available in self-adhesive pads for your fiberglass seat. Each set includes a left and right pad as shown in the photo.

Part No. 9329-Back Set .....\$39.99  
 Part No. 9329-Hip Set .....\$28.49  
 Part No. 9329-Rib Set .....\$34.99

## MyChron4 Kart Dash and Accessories

**MyChron4 Basic Kart Dash** - a compact, economical kart tach, lap timer, temperature gauge and data logger. The versatile graphical display can even show power and torque curves! Includes infrared receiver (for lap timer), RPM pickup and temperature sender. What makes it even better is that you can easily upgrade your dash to add new capabilities just by purchasing an expansion box - your initial investment won't be wasted! Other features include: 1 MB memory, two configurable alarm LED's, configurable shift LED, your choice of amber or green backlighting and an intuitive menu design for easy setup and use. Powered by internal 9 volt battery.

MyChron4 Basic Kart Dash ..... Part No. MC-135 .....\$389.99

**MyChron4 Gold Expansion Box** - allows an easy upgrade path. Includes internal accelerometer for track mapping, a USB E-Key for downloading the memory to your computer, an input for speed, inputs for two additional temperature sensors (senders not included) and second battery for extended run time.

MyChron4 Gold Expansion Box. . . Part No. MC-025 .....\$499.00

**Steering Wheel for MyChron4** This 12.5 inch diameter flat-top steering wheel makes the perfect mounting platform for your dash. The gray and black grip feels great and is nicely accented by the beautifully anodized aluminum frame in your choice of colors: black, orange, purple or red.

Steering Wheel for MyChron4 . . . Pt. No. MC-153-Color . \$148.99
