

Driver Cooling

RPCM™ Cool Vest

RPCM™ Cool Vest Unlike other Cool Vests on the market today which require you to freeze gel packs prior to your event, the RPCM™ Cool Vest contains a natural Rapid Phase Change Material that freezes at a cool, but not cold, 59°F. No freezer necessary! Simply charge the packs by putting into the ice water in your cooler for about 20 minutes. Your vest will be cool and comfortable for up to 2.5 hours in a 100° environment. Features compact under-garment styling, wide elastic strapping at the waist for comfort, and a light-weight design. Weighs 4 pounds with cool packs; the packs are about an inch thick. Ideal for use in auto racing, cycling, and karting, but useful for almost anyone who wants to stay cool. The vest comes complete with one cooling pack set; replacement packs are also available separately.

RPCM™ Cool Vest, one size..... Part No. 2765 \$179.99
RPCM™ Cool Pack Set Part No. 2766 \$128.99
Includes 4 replacement packs.

RPCM™ Cool Vest, one size..... Part No. 2765 \$179.99
RPCM™ Cool Pack Set Part No. 2766 \$128.99
Includes 4 replacement packs.

Driver's Water Bottle

Our **Driver's Water Bottle** makes it easy to get a refreshing drink of water even when wearing a full face helmet. Sixteen ounce capacity squeeze bottle has an angled nozzle for easy access.

Driver's Water Bottle Part No. 2299 \$7.99

See Page 32 for a Roll bar Mounted Drink Bottle

Cryo-Core Cool Collar

Freeze the **Cool Collar** to keep you comfortable for up to two hours on the hottest days. The cryo-core remains flexible down to -50°F. Buy several collars and rotate to stay cool all day. The removable fabric shell has an additional insulating layer on one side to fine-tune the rate of heat transfer. Extended ends can be tied around your neck to keep the collar in place.

Cryo-Core Cool Collar Part No. 2127 \$14.99

Cool Shirt™ Personal Cooling Systems

Cool Shirt™ Personal Cooling Systems (shirt sold separately)

Shirt now sold separately! 20 size and style combinations are available!

Perform better with **Cool Shirt™ Personal Cooling Systems**. Reduce fatigue, react faster, and make fewer errors by keeping your core body temperature in its optimum operating range regardless of the environment.

The economical **Club Systems** (pictured with short sleeve cotton HANS®-friendly shirt which is sold separately) includes a leak-proof Platinum-Series cooler with built-in 2 amp pump, and 8 foot insulated hose set. The hinges and latches on the cooler can be reversed to allow for the most efficient routing

of the hose outlets. Shirt sold separately. Complete your system by adding any size and style HANS®-friendly Cool Water Shirt from the selection shown at right.

Cool Shirt™ 12 Quart Club System, shirt sold separately..... Part No. CS2000.... \$289.99
Cooler measures 14" long x 9.5" wide x 11" high and provides up to 3 hours of cooling.

Cool Shirt™ 24 Quart Club System, shirt sold separately..... Part No. CS2010.... \$299.99
Cooler measures 15.5" long x 10.5" wide x 13" high and provides up to 6 hours of cooling.

The compact and convenient **Portable Bag Systems** include a soft-sided cooler for easy mounting in crowded cockpits. They are also ideal for track days and solo events – just strap the cooler to your passenger seat! Shirt sold separately. You are now free to choose any combination of size and style Cool Water Shirt from the selection shown at right.

Cool Shirt™ 6 Quart Portable Bag System, without shirt..... Part No. CS2210.... \$289.99
Cooler measures 12" long x 6" wide x 10" high and provides up to 2 hours of cooling.

Cool Shirt™ 12 Quart Portable Bag System, without shirt..... Part No. CS2200.... \$299.99
Cooler measures 18" long x 7" wide x 13" high and provides up to 3 hours of cooling.

The **Porta-Cool System** is small enough for a formula car! Instead of a cooler filled with ice, this system uses a 10 oz. can filled with an environmentally friendly refrigerant. Shirt now sold separately. Choose any Cool Water Shirt from the selection shown at right.

Porta-Cool Adapter Kit, shirt sold separately..... Part No. CS479..... \$49.99*
Includes one can of Porta-Cool Spray, can adapter, and hose.

Replacement 10 oz. Can of Refrigerant..... Part No. CS480..... \$11.99*
**A Hazardous shipping fee of \$32.50 applies when these items are shipped via Air.*

All Cool Shirts™ are now HANS® Friendly!

Unique design keeps the cooling tubes away from the driver's shoulders, which avoids interference with shoulder harnesses. Specifically designed for use with HANS® devices.

Cool Shirt™ Fresh Air Blower Systems

Cool Shirt™ Fresh Air Blower Systems blow fresh, filtered air directly into the helmet. The system attaches to the helmet intake, and features a 135 CFM blower and HEPA-4 air filter to ensure the driver's air is clean and virtually particle free down to 4 microns. *Helmet not included, requires ported (forced air or "Sidewinder") helmet.*

Cool Shirt™ Fresh Air Blower System.....Part No. CS209..... \$98.99

In-Line Blower Fan only, 135 CFM, 3" dia.....Part No. CS470..... \$39.99

Upgrade In-Line Blower Fan, 235 CFM, 4" dia.....Part No. CS471..... \$49.99
For really major airflow. Requires CS472 adapter, sold below.

Blower Filter Housing Adapter, 4" x 3" ID.....Part No. CS472..... \$27.99

Blower Hose End Fitting, 3" to 1.5".....Part No. CS462..... \$25.99

Replacement HEPA-4 Air Filters, pack of 10.....Part No. CS478..... \$15.99

Carbon Monoxide Filter, requires housing.....Part No. CS486..... \$51.49
Minimize your exposure to harmful CO. Requires CS487 housing, sold below.

Carbon Monoxide Filter Housing.....Part No. CS487..... \$39.99

Cool Shirt™ Cool Water Shirts (cooler system sold separately)

All shirts are HANS®-friendly, with tubes routed away from the shoulders to avoid interference with HANS® devices. Available in Small, Medium, Large or Xtra-Large.

White Cotton Short Sleeve Cool Water Shirt.....Part No. CS400-Size... \$139.99

White Cotton Short Sleeve Cool Water Shirt with Hood...Part No. CS402-Size... \$199.99

Blue Cotton Short Sleeve Cool Water Shirt.....Part No. CS403-Size... \$139.99

CarbonX Long Sleeve Cool Water Shirt.....Part No. CS401-Size... \$259.99

Firewear Long Sleeve Cool Water Shirt.....Part No. CS404-Size... \$259.99

Cool Shirt™ Accessories and Replacement Components

Temperature Control Unit (single).....Part No. CS450..... \$159.99
Adjust the flow rate for best comfort while avoiding the sudden, wide temperature swings inherent with simple on/off pump switching.

Mounting Tray with Straps for 12 qt. Cooler.....Part No. CS500-12..... \$65.99

Mounting Tray with Straps for 24 qt. Cooler.....Part No. CS500-24..... \$75.99

Insulated Water Hose Assembly, 8 foot length.....Part No. CS475..... \$89.99

Safety Pull Release Connectors, male & female (2 pair).....Part No. CS465..... \$54.99
A recommended safety upgrade, required by FIA. Springs apart with a push of a button or pulls apart with a sharp tug. Just walk away from the car and they release!

Maintenance Additive, 16 oz bottle.....Part No. CS483..... \$9.59
Keeps hoses clean and free of algae. Simply add a bottle to the cooler at each use.

Universal Drain Kit.....Part No. CS481..... \$69.99
Includes all the fittings you need to drain a shirt, hoses, and cooler for long-term storage.

Hearing Protection

Protect your ears! Exposure to sounds at levels of just 97 decibels (well below many race tracks' sound limits) for just 30 minutes can cause permanent hearing loss. Many race cars can exceed this level even at idle. ***NRR = Noise Reduction Rating - a higher number means more protection.**

Sound Suppressing Headset This headset has an adjustable strap which can accommodate children as well as adults. One size fits all. Color is blue. NRR* = 25 when worn with strap over the head.

Sound Suppressing Headset
Part No. 2597-Blue \$12.99

Cylindrical Foam Ear Plugs block loud noises, yet permit normal conversation to be heard. Just roll them between your fingers to compress the diameter, then place into ear. They gently expand to form a snug fit. Sold per pair. NRR* = 29.

Cylindrical Foam Ear Plugs, pair
Part No. 2139-Refill..... 29¢

Contoured No-rolling Foam Ear Plugs stay cleaner and last longer than rolled ear plugs. Available plain or corded. Sold per pair. NRR* = 26.

Contoured Ear Plugs, pair
Part No. 2196..... 99¢
Contoured Ear Plugs, pair, with cord
Part No. 2197..... \$1.99
