

Racing Mirrors, Towing Mirrors, and Headlight Covers

Longacre Mirror Kits

This easy-to-install convex interior mirror mounts to your roll bar with a clamp-on bracket at each end. The 0.5"-2.5" bracket is slotted, allowing easy adjustment. The 2.0"-5.5" bracket is drilled for ten different positions. Kit includes 2 clamp-on brackets and one mirror. "Mirror only" in chart below does not include hardware.

Towing Mirrors

Universal Towing Mirror

This aerodynamic and durable towing mirror is truly universal, fitting virtually any car, truck, or van on the road today. It requires no tools to install. Three adjustable cushioned feet press against your vehicle's mirror housing and two adjustable nylon straps have plastic hooks to hold the top and bottom edges of the housing. Just set the feet against the back of your vehicle's mirror, hook the clamps to the top and bottom of the housing, turn the knob to tighten the straps, and you're set to go. To release, simply pull out the knob to release the straps. Mirror surface measures 4.5" across and is fully adjustable within the black plastic housing. Fits left or right side. Sold individually; available in black only.

Universal Towing Mirror, each..... Part No. 5146..... \$39.99

Custom Towing Mirrors

Custom Towing Mirrors Towing made easy and safe. Each unit slides over existing mirrors and is secured by a plastic hook. No tools are required. Aerodynamic styling looks great on any vehicle, and the large mirror face extends viewing area substantially. Available for many U.S. pick-ups and vans. Includes two 2" convex stick-on blind spot mirrors for even greater visibility. Sold in pairs.

Headlight Covers and Decals

Our **Carbon Fiber Headlight Covers** are made by the leading American manufacturer of composites for motorsports. These hand-made parts feature the same high quality materials and attention to detail that has made them a favorite of ALMS, Daytona Prototypes, F2000, BMW Motorsports and other top teams and manufacturers. These covers are constructed of 2 x 2 weave carbon fiber. They are not plastic with a carbon fiber pattern printed on. Choose 6 or 7 inch diameter. Sold individually.

Carbon Fiber Headlight Cover, Plain, specify size.....Part No. CF005-Size... \$199.99

Our **Venturi-Style Covers** feature the same construction as the solid covers above, but with an intake opening in the center. A flange is provided for attaching a 3" diameter hose (hose sold separately). Choose 6 or 7 inch diameter. Sold individually.

Carbon Fiber Headlight Cover, Venturi Style, specify size..Part No. CF006-Size... \$209.99

Our **Spun Aluminum Headlight Covers** add a great finishing touch to your vintage race car! The high-quality, lightweight covers replace most 7" round sealed-beam headlights and are held in place by your stock headlight retainer rings. The durable all-weather

Headlight Simulator Decals are printed in full color to simulate the classic Lucas PL-700 Tri-pod series 7" round headlight as found on countless vintage British cars. These decals are a classy way to dress up your standard headlight covers and can be applied to just about any 7" round head lamp blanking plate. Applying these sturdy vinyl decals to a curved headlight cover is easily accomplished by carefully cutting the decal along the head lamp "bars" and overlapping the decal sections slightly to conform to the surface.

Spun Aluminum 7" Headlight Covers, pair.....Part No. 3610-007..... \$31.99

Headlight Simulator Decals, pair.....Part No. 3610-002..... \$21.99
